Business Model

Invest in RK Farm Valley, a minimum of 6000 sqft (51/2 Gunta), and reap the dual benefit of Capital Appreciation & regular revenue sharing process.

The idea of making Farm Plots accessible to worldwide guests struck our Promoters Shri. D N Nagi Reddy and Shri. K M M Abdul Kadar. With experience of completing over 1500 acres of property development, RK Enterprises is proud to introduce RK Farm Valley, an interesting and engaging concept.

Owning a farm land is Owning a Business. Our 2 fold business model (Capital Appreciation + Time Sharing holiday packages) offers high-end revenue earning opportunity to farm plot owners on regular basis.

While the fruit trees yield you regular revenue, the villa/cottage can be your abode or you are always welcome to use it for revenue generation by renting it out. (RK Enterprises helps you manage the villa/cottage in case of renting)

Mind you! RK Farm Valley offers one year free maintenance and management for your complete property.
